PORTFOLIO MANAGER(S)

FELIX NARHI, CFA

Mr. Narhi is Chief Investment Officer and a Portfolio Manager at PenderFund. He began his investing career in 1999 and advocates a business-like approach to investing. Sound investing is the process of determining the value underlying a security and then buying it at a considerable discount to that value. The greatest challenge is to maintain the necessary balance between patience and discipline to buy only when prices are attractive and to sell when they are dear. Mr. Narhi holds a Bachelor of Commerce degree from the University of British Columbia. He earned his CFA designation in 2003 and is a member of CFA Society Vancouver.

GEOFF CASTLE, MBA

Mr. Castle began his investing career in 2000 and has experience in both public mutual funds and proprietary investment fund management for ultra-high net worth individuals. His background also includes more than five years of industry experience in trade credit and general corporate management. As a fixed income manager, his focus has been on seeking enhanced yield opportunities in situations where substantial margins of safety exist. Mr. Castle holds a Bachelor of Arts degree from UBC and an MBA from the Richard Ivey School of Business at the University of Western Ontario. He is a member of the CFA Institute.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the simplified prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in net asset value and assumes reinvestment of all distributions and are net of all management and administrative fees, but do not take into account sales, redemption or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
