PORTFOLIO MANAGER

JUSTIN JACOBSEN, CFA

Justin began his investing career in 2008. He spent 11 years at a highly regarded Canadian investment firm as a member of the firm's fixed income team, contributing research to the Absolute Return and High Yield Bond strategies at the company. Most recently Justin worked as a Senior Portfolio Manager at one of Canada's largest pension fund managers, responsible for managing a high-yield focused credit strategy, generating returns for the underlying pension funds. Justin's investment approach is centered around intelligent security selection across capital structures and markets, supported by active investing. He is focused on uncovering the best risk-adjusted opportunities in every market cycle and dynamically adjusts portfolio positioning to protect and grow capital. His uses strategies such as distressed credit investing, event-driven trading and capital structure arbitrage. Justin holds a BA in Honours History from Western University, an MBA in Finance from Washington State University and earned his Chartered Financial Analyst designation in 2012.

VALUE PROPOSITION

- A flexible high yield focused strategy that aims to generate returns of 7-10% per year over a market cycle.
- Ability to hedge dynamically to manage risk and isolate market inefficiencies.
- Opportunistic trading to capture idiosyncratic opportunities and new credit issuance.

PORTFOLIO FIT

- Aims to offer stable, consistent returns with a low risk profile.
- Historically low correlation to traditional fixed income with the potential ability to protect against rising interest rates.
- An alternative to traditional fixed income.

ABOUT PENDER

Pender was founded in 2003 and is an independent, employee-owned investment firm located in Vancouver, British Columbia. Our goal is to protect and grow wealth for our investors over time. Commissions, trailing commissions, management fees and expenses plus applicable taxes all may be associated with mutual fund investments. Please read the simplified prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in net asset value and assumes reinvestment of all distributions and are net of all management and administrative fees, but do not take into account sales, redemption or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. Where the performance of a particular class of a fund is displayed, other classes are available and fees and performance may differ in those other classes.
